

AMERICA'S
ADVANTAGE REMODELING

Kitchen, Bathroom, ADU

2026

25 YEARS IN BUSINESS
FAMILY OWNED & OPERATED

Welcome to America's Advantage Remodeling

We specialize in high-end kitchen and bathroom remodeling, creating stylish, functional spaces tailored to your lifestyle. With expert craftsmanship and premium materials, we bring your vision to life. Explore our work and start your transformation today!

"The kitchen is the heart of the home - our job is to make it both beautiful and functional."

WHO WE ARE

At America's Advantage Remodeling, we believe that your home is more than just a place to live—it's where your life's best memories are made. As Sacramento's premier kitchen and bathroom remodeling experts, we take pride in transforming spaces into beautiful, functional areas that reflect your unique style and needs. With 25 years of experience, our team of skilled craftsmen and designers is dedicated to delivering unparalleled quality, exceptional customer service, and a remodeling experience that exceeds expectations.

Our Process

Every project begins with a comprehensive consultation where we discuss your ideas, budget, and timeline. From there, our design team creates a customized plan that reflects your personal style while maximizing functionality. Once the design is finalized, our skilled craftsmen bring the plan to life, ensuring that every aspect of the project is executed with precision and care. We manage the entire process, so you can enjoy a stress-free remodeling experience.

Our Expertise

Specializing in kitchen and bathroom remodeling, we understand that these spaces are the heart of your home. Whether you're looking to modernize your kitchen with state-of-the-art appliances and sleek countertops or create a spa-like retreat in your bathroom, we have the expertise to bring your vision to life. Our team stays up-to-date with the latest industry trends and building techniques, ensuring that every project we undertake not only meets but exceeds industry standards.

OUR STORY

At America's Advantage Remodeling, we're more than a company—we're a family built on faith, integrity, and excellence. Since 2001, when Eugene Chernioglo first started with a simple mission to serve Sacramento homeowners, our team has been dedicated to delivering remodeling services that truly make a difference. What began as one person's passion for construction and design has grown into a team of talented, caring professionals who love what we do. Together, we've built a reputation for craftsmanship, attention to detail, and a personalized approach that puts people first. We are growing in faith, in integrity, and striving for excellence every step of the way. For us, it's not just about remodeling homes—it's about building trust, creating beautiful spaces, and serving our community with pride.

Details Matter

Details are one of our core values. We believe great renovations and remodels are about the visible design and the behind-the-scenes construction that you don't see.

Semi-custom Cabinets

From country cabinets to modern soft-close glossy we offer stock, custom and semi-custom cabinetry so you have a variety of storage solutions to fit your needs.

Custom Cabinets

America's Advantage Remodeling kitchen remodelers specialize in cabinetry in a wide range of styles, colors, materials and designs. Whether you like Shaker cabinets, modern high-gloss finishes or something in between we can help you find the perfect fit for your dream kitchen.

Semi-custom cabinets construction

Good storage is key to a functional kitchen. AAR offers storage solutions such as pull out shelves, corner cabinets and custom pantry designs to maximize space and keep your kitchen organized.

WHAT'S THE MOST EXPENSIVE PART OF A KITCHEN REMODEL?

The most expensive part of a kitchen remodel is usually the cabinetry. Custom cabinets can be a big chunk of the total cost. Counters are also expensive especially if you choose premium materials like granite or quartz. AAR offers a variety of cabinetry and counter options to fit different budgets so you get the best value for your money.

HOW MUCH DOES IT COST TO REMODEL A KITCHEN

The cost to remodel a kitchen in Sacramento, CA, can vary widely depending on the size of the kitchen, the scope of the remodel, and the materials used. On average, homeowners can expect to spend between \$20,000 and \$50,000 for a standard kitchen remodel. High-end remodels can exceed \$70,000. To get an accurate estimate for your specific project, it's best to schedule a consultation for a detailed price breakdown.

WHY IS REMODELING SO EXPENSIVE?

Kitchen remodeling is expensive for many reasons. The cost of materials like high end cabinets, counters and flooring can add up quickly. Labor costs for skilled craftsmen, electricians and plumbers also contribute to the expense. Customization and upgrades like energy efficient appliances and smart home technology add to the cost. AAR will provide transparent pricing and find ways to save so you can get the kitchen of your dreams without breaking the bank.

HOW LONG DOES A KITCHEN REMODEL TYPICALLY TAKE?

The duration depends on the extent of the remodel. Minor updates can take about 4-6 weeks, whereas comprehensive remodels requiring structural changes might take 10-12 weeks or more. Schedule a free estimate today with America's Advantage Remodeling.

GET A FREE KITCHEN REMODEL ESTIMATE TODAY

Ready to get the best service and the most accurate estimate for your kitchen remodel? Contact America's Advantage Remodeling (AAR). Our expert remodeling team will arrive with everything needed to evaluate your project and provide a free, detailed estimate. We'll answer your questions, walk you through the process, and guide you toward the best results for your home. Accessory Dwelling Units (ADUs)

An ADU, or Accessory Dwelling Unit, is a self-contained living space built on the same property as an existing home. It can be a detached small house, an apartment over a garage, or an addition to your main residence. ADUs offer flexible uses – from a private suite for family, to a rental for extra income, or a comfortable guest space – all while increasing your property's value.

Pre-Approved ADU Plans – Placer County

ONE BEDROOM 661 SQ. FT.

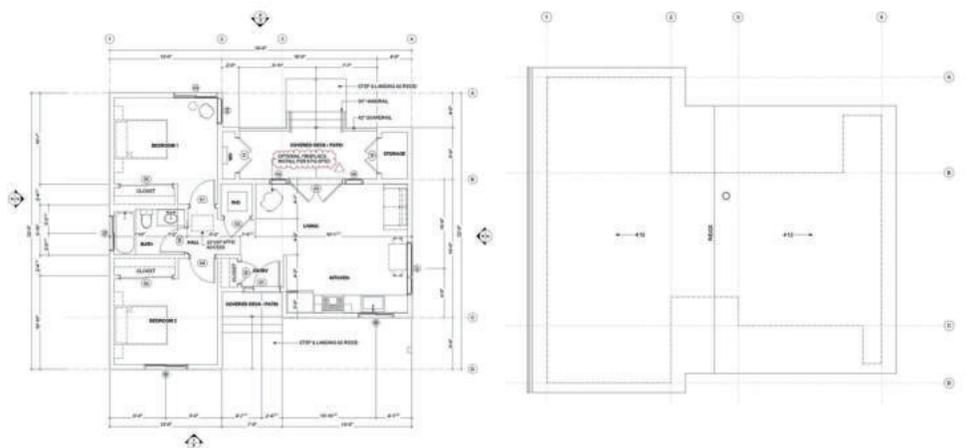

This 661 sq ft house with 1 bedroom, and 1 bathroom situated above a garage is an excellent choice for those seeking an efficient and compact living space.

TWO BEDROOM 746 SQ. FT.

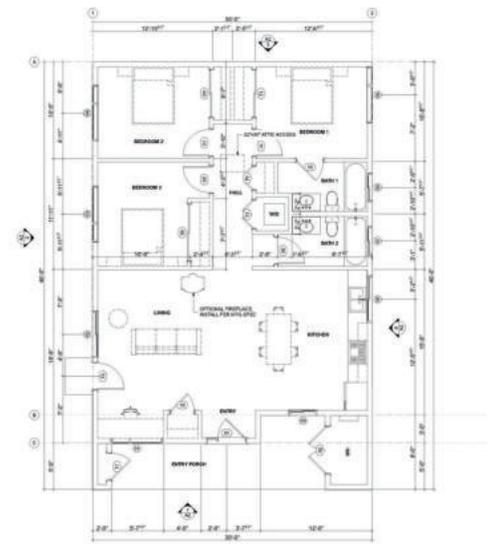

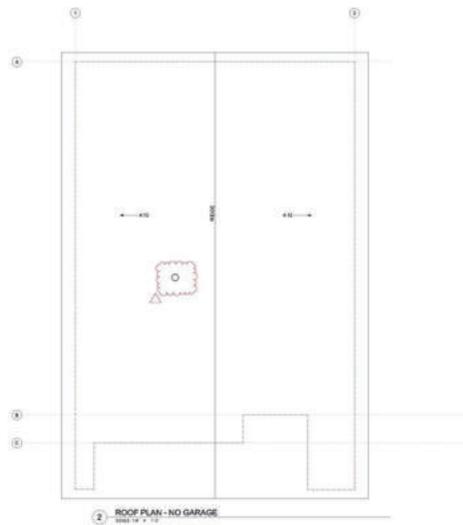

This 747 sq ft 2 bedroom, 1 bath house features open living space and a separate bedroom wing all covered by a simple gable roof. The rear patio and covered entry offer outdoor living space while still providing shelter from the elements. By incorporating a simple roof and separate living and bedroom volumes, this design allows for a wide range of customizable aesthetics and design options. With this design, owners have the freedom to create a space that reflects their unique style and preferences.

THREE BEDROOM 1,194 SQ. FT.

This 1,194 sq ft, 3 bedroom, 2 bath house features open living space with access to a covered patio or an optional garage. The primary bedroom has an en suite bathroom for additional privacy.

The second bathroom is conveniently located for guests while still maintaining privacy for the bedrooms. The open living space provides ample living space, practicality, and versatility, making it an excellent choice for anyone seeking a comfortable and functional ADU.

Pre-Approved ADU Plans – Sacramento County

Streamline your addition or accessory dwelling unit project with county-approved plans ready for faster permitting. Choose from a range of layouts – from compact studios to spacious three-bedroom homes – designed for comfort, style, and lasting value. Whether you're building for family, rental income, or a private retreat, these plans offer a proven path from concept to completion.

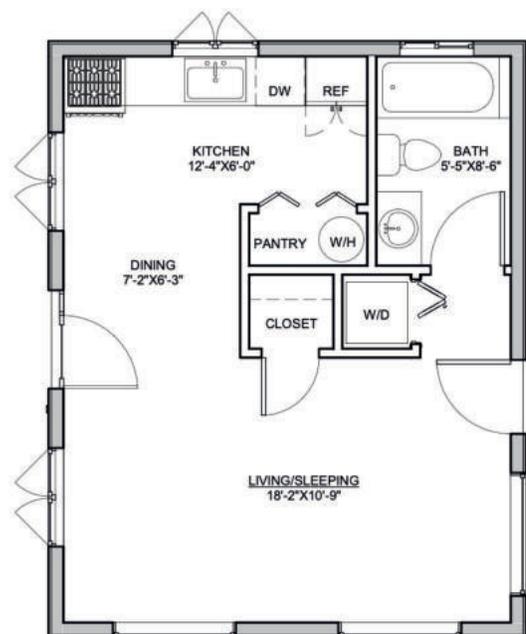

Model A

Model A is a 460 sq ft studio or one-bedroom design with a classic pitched roof, offering both charm and practicality. The layout is compact yet thoughtfully arranged, making it feel open and welcoming while still maintaining privacy. Perfect as a guest house, rental, or private retreat, this model provides an efficient use of space with modern comfort in mind. The pitched roof not only adds character but also creates a sense of height and airiness inside.

Whether you're looking for a stylish small home, a flexible rental unit, or a peaceful getaway space, Model A delivers functionality without sacrificing comfort or style.

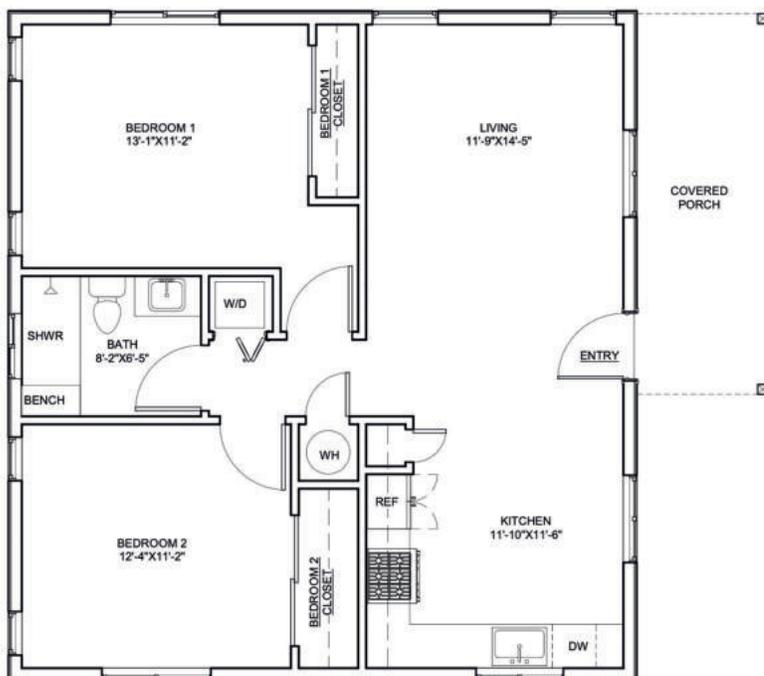

460 S.F.

Model B

Model B offers an 870 sq ft layout designed with two bedrooms and open living areas, creating a smart balance of private and shared space. The design focuses on functionality, allowing residents to enjoy a practical yet comfortable home environment. With two bedrooms, this model is a great choice for small families, roommates, or extended stays. The open-plan living and dining area encourages connection, while the private bedrooms provide personal retreats when quiet time is needed. Whether used as a primary residence, rental property, or guest house, Model B offers flexibility and comfort. The layout blends modern living with efficiency, ensuring that every square foot is utilized to its fullest potential without sacrificing comfort or style.

Model C

Model C is a spacious 1,000 sq ft two-bedroom layout designed with generous proportions and flexible options that adapt to a variety of needs. The thoughtful design provides an open feel while still maintaining clearly defined areas for both shared and private living.

With its larger footprint, this model is perfect for those who want more room for everyday life—whether it’s setting up a home office, creating a hobby or craft area, or hosting friends and family for gatherings. The extra space allows you to enjoy the comfort of a full-size home while still benefiting from the efficiency and convenience of an ADU.

Ideal for families, long-term rentals, or anyone who values both functionality and flexibility, Model C blends comfort with practicality. It offers the freedom to customize the layout to fit different lifestyles, ensuring a home that feels open, adaptable, and inviting.

TURN YOUR PROPERTY INTO MORE WITH AN ADU

An Accessory Dwelling Unit is more than just extra space – it's an opportunity. Whether you envision a private suite for family, a rental for additional income, or a dedicated home office, America's Advantage Remodeling (AAR) can bring your ADU project to life. We work with pre-approved plans from Placer and Sacramento counties to streamline the process, saving you time and simplifying permitting. From compact studios to spacious multi-bedroom layouts, we'll help design and build an ADU that fits your needs and enhances your property's value – starting with a free, no-obligation consultation.
